Dear **First Name**,

Last year you joined with over 600,000 Virginians who registered and voted for the first time in their lives. Your message was clear, your voice was heard and today we're beginning to see the fruits of that labor.

Together, we've rescued our economy from the brink with a historic recovery package, passed the Lilly Ledbetter Act to ensure women get equal pay for equal work, lifted the ban on stem cell research and now we're on the verge of ensuring quality, affordable health care for every American.

But what we've accomplished so far cannot overshadow the task that lies ahead. To make real changes in this country, it will take more than just my presidency – it requires your continued vigilance in the cause of progress.

To move this country forward, I need the support and partnership of good governors who are ready to help lay the foundations of change. And this November 3rd is your opportunity to help Virginia do just that.

Creigh Deeds is the governor we need to continue the progress made by Mark Warner and Tim Kaine, and he is the partner I need in Virginia to help put our country back on track.

We simply cannot afford to go back to the old style of failed politics that puts Wall Street greed ahead of Main Street values, leaving behind massive budget deficits while shortchanging our priorities.

The good news is that we don't have to let that happen. **And by making time to vote on Tuesday, November 3rd you can help move our great nation forward.**

Polls are open from 6AM to 7PM. If you have questions about where to vote or need a ride to the polls, call (888) 4-VA-VOTE or visit www.deedsforvirginia.com/vote.

Winning this election won't be easy – nothing worth fighting for ever is. But when thousands of people like you cast their votes on Tuesday, November 3rd, nothing can stop us.

Sincerely,

President Barack Obama
